ADAPTIVE NATURALLY CLEAN BEAUTY

We are very proud of our all-natural and clean line of TTC products – using the exclusive **Triple Turmeric Complex**.

Using an ethical approach to skincare, we have a **MINIMUM of 99% NATURAL ingredients** in our formulations, with just a tiny amount of preservative to give you a cosmeceutical, results-driven skincare product that does not need to be kept in the fridge and will give you months of use.

The **99% of natural ingredients** reads like a recipe from a cook book - full of naturals, aside from TTC – ingredients such as argan oil, shea butter, olive leaf, pomegranate, avocado oil, pumpkin, papaya, sunflower oil - to name but a few! However all these naturals are harmoniously synergized with advanced complex's to give you results for your skin, rather than just basic maintenance, no compromise.

Understanding a sustainable and ethical conscience, we use packaging that is recyclable, do not test on animals and meet PETA (People for the Ethical Treatment of Animals) guidelines.

Respecting our environment and skin in harmony. Trying is believing.

OUR NATURAL AND CLEAN FORMULAS ARE FREE OF:

- Sulfates
- SLS and SLES
- Parabens
- Formaldehydes and Formaldehyde-releasing agents
- Phthalates
- Mineral oil
- Oxybenzone
- Coal tar
- Hydroquinone

Naturally Clean Skincare.

TTC - NATURALLY CLEAN TREATMENT MENU

FACIAL TREATMENTS

NATURALLY CLEAN + ILLUMINATED – 30 MINUTES

Revitalize and brighten a tired, dull or sallow complexion with potent pumpkin and papaya enzymes. This nourishing enzyme “beauty flash” peel will dissolve dead skin cells to reveal a healthier, illuminated complexion. Your skin will pop! It will feel smoother, appear more even in tone with a beautiful, dewy glow. This treatment may also be performed intensively once or twice per week for 3 weeks: a 6-treatment course gives optimal results.
